Education

Ladoke Akintola University of Technology (LAUTECH)

B.Tech in Computer Science

Apr 2021 – Jan 2026

Experience

nHub Foundation – Frontend Developer Trainee

Jan 2021 – Mar 2021

- Gained hands-on training in modern frontend technologies including React.js and Tailwind CSS.
- Built responsive and dynamic user interfaces as part of training projects.
- Collaborated with peers on UI/UX best practices.

Nigerian Television Authority (NTA 2) – Engineering Department (Intern)

Jun 2024 – Nov 2024

- Assisted in maintaining studio equipment and digital broadcast systems.
- Supported technical setup for live shows and news productions.
- Worked with engineers to troubleshoot and improve technical workflows.

Projects

RoboFriends

Built a search-based React app to filter and display robot profiles dynamically. Implemented API data fetching and responsive UI design.

Redmall Microfinance Website

Designed and implemented a modern website for a microfinance company. Focused on clean navigation and service-focused layout.

To-Do List App

Developed a task management app with add, edit, and delete functionality. Ensured responsive design across devices.

Weather App

Integrated a third-party weather API to display real-time weather conditions. Implemented location-based search with an intuitive UI.

Quiz App

Created a quiz web app with multiple-choice questions and scoring system. Built a responsive interface for interactive use.

Skills

Languages & Markup: HTML5, CSS3, JavaScript (ES6+)

Frontend: React.js, Node.js, Tailwind CSS, Bootstrap, Three.js, React Native

Tools & Platforms: Git, GitHub, Vercel, Netlify

Other: Responsive Design, API Integration, Component-based Architecture
